

Holiday Essential Items

Check the expiry date on your passports – if it's before or during the trip, it'll need renewing.

Check with your GP if you need vaccinations or medication before you travel.

If you have prescribed medication, be sure to carry sufficient supplies and remember to pack your prescription.

Find out if you need a visa to enter the country and whether you arrange before you travel or if you pay and collect in the country you're visiting.

For the latest travel advice and safety updates, visit the British Foreign and Commonwealth Office website fco.gov.uk.

Plan transport or car hire before you travel, as you often get the best deals if you book in advance!

If you're travelling to Europe, remember to pack your European Health Insurance Card (EHIC). This will waive your travel insurance excess should you need to make a medical claim (which could amount to £100 per person on a Basic policy and £65 for Comprehensive policies).
